Procedure:  
Blood not brought into the  
"Holy Place" sin offering should  
have been eaten

Lev 10:19 Then Aaron answered Moses,  
“Today my sons presented both their sin  
offering and their burnt offering to the  
Lord. And yet this tragedy has happened  
to me. If I had eaten the people’s sin  
offering on such a tragic day as this, would  
the Lord have been pleased?”

# Glorify God in Conflict

Focusing on God is the key to resolving conflict constructively. When we remember his mercy and draw on his strength we invariably see things more clearly and respond to conflict more wisely. In doing so, we can find far better solutions to our problems. At the same time, we can show others that there really is a God and that he delights in helping us do things we could never do on our own
